Handbook for the Collection of Administrative data on Telecommunications/ICT -2020

The ITU Handbook for the Collection of Administrative Data on Telecommunications/ICT is a key reference document for the collection of internationally comparable indicators on telecommunications/ICT based on administrative sources (i.e. supply-side data mainly from operators). The Handbook includes definitions and methodological clarifications for more than 90 internationally agreed indicators, discussed by the Expert Group on Telecommunication/ICT Indicators (EGTI).
