

# Roadmap: Enhanced access, use and management of administrative data in statistical programs

This document provides guidance for National Statistical Offices (NSOs) to enhance the access, use and management of administrative data in their statistical programs. The document outlines a number of steps, each with a series of tasks to be considered by the NSO and the benefits to be achieved. Tools and templates are also included for some of the steps. The document was prepared for a Caribbean Community (CARICOM) regional seminar on administrative data under the Project for the Regional Advancement of Statistics in the Caribbean (PRASC).
